

When the M meets the P

Wednesday, 20 January 2021

IRMP: gong session: gong session (12:00 - 12:30)

time	[id] title	presenter
12:00	[5] Detecting continuous gravitational waves from known pulsars	MILLER, Andrew
12:10	[13] A visual model of the BTZ black hole	DE MAN, Louis
12:20	[14] Reviving the interference: framework and proof-of-principle for the anomalous gluon self-interaction in the SMEFT	MALTONI, Matteo

Thursday, 21 January 2021

IRMP: gong session: Gong session (12:00 - 12:30)

time	[id] title	presenter
12:00	[23] Motion measurements to detect gravitational waves in the fridge and on the Moon	Dr VAN HEIJNINGEN, Joris
12:10	[24] Three families of knot invariants	BEN ARIBI, Fathi
12:20	[25] The ScotoSinglet Model	Dr BENIWAL, Ankit
