

Gravitational Wave Orchestra

Friday, 9 September 2022

Day 2 - Morning session: 1 - Place croix du Sud, SUD-19 (09:15 - 10:45)

time	[id] title	presenter
09:15	[26] Giulia Cusin - Anisotropies of the Stochastic gravitational-wave background: theoretical modeling and detection prospects	
10:00	[27] Sanjit Mitra - Mapping the anisotropic Stochastic Gravitational-Wave Background	

Day 2 - Morning session: 2 - Place croix du Sud, SUD-19 (11:15 - 12:45)

time	[id] title	presenter
11:15	[28] Tania Regimbau - Is it still interesting to look at the gravitational-wave background with NG detectors	
12:00	[29] Carlo Contaldi - Stochastic gravitational-wave backgrounds with LISA and beyond: Challenges and future prospects
