

Inter-University Attraction Pole meeting

Thursday, 22 January 2009

Afternoon session: contributed talks - auditoire Montesquieu: MONT01 (14:00 - 16:30)

time	[id] title	presenter
14:00	[8] Relating dark matter and neutrino masses in supergravity	Dr ARINA, Chiara
14:20	[9] Successful Leptogenesis in SO(10) Unification with a Left-Right Symmetric Seesaw Mechanism	Dr JOSSE-MICHAUX, François-xavier
14:40	[10] Applications of the gauge/gravity duality	Dr CALDARELLI, Marco
15:20	[11] $t\bar{t}$ production process as a background to standard Model Higgs decay to WW^*	Dr HASHEMI, Majid
15:40	[12] Central Exclusive Dijet Production	Ms DECHAMBRE, Alice
16:00	Coffee break
