

# SAFETY ALWAYS:

make your visit to CERN a safe one.

To ensure your safety at all times, please read the following information before entering the site:

CERN is an industrial site with a variety of hazards, including

-  Electricity
-  Magnetic fields
-  Ionising radiation

Do not touch any equipment unless instructed to do so.

If you hear the evacuation alarm:

- Calmly evacuate the building
-  Make your way to the nearest assembly point.

Be mindful of the environment, please:

- Dispose of your waste appropriately, using the recycling bins.
- Don't throw objects down drains.
- Don't pick or trample flowers.

Smoking is forbidden in all enclosed or covered spaces on CERN premises.

French/Swiss traffic rules apply throughout the site.

- Cyclists and scooter users should wear a helmet.
- Pedestrians should use pavements and pedestrian crossings.

In case of an incident or accident call

**0041 22 767 4444**  
(74444 from a CERN phone)

## Remember:

Don't know. Don't touch.  
Stay alert and check surroundings.  
Respect access restrictions and instructions.

Enjoy a safe visit!
